From Her Mother’s Dying Arms,
To Her Waiting Father’s Hands

On June 3, 2018 Yoselin’s life was radically changed. Her dad was working out in the fields, she only two months old, was being held in her mother’s arms, when the volcano Fuego in Guatemala violently erupted. Her family had always lived in the vicinity of the active volcano, working the fertile soil. With Yoselin in her arms, the mother tried to outrun the 65 miles/hour pyroclastic flow.

Realizing she would not be able to save herself and her baby, the mother handed Yoselin to a man racing by on a motorcycle just before she died.

The government placed Yoselin in the care of the House of Hope orphanage, where we have been paying for her care. When Sandy and Karvin visited Yoselin September 5th, they learned that Yoselin’s DNA matched with the man who claimed to be her father. Yoselin and her dad are in the process of being reunited in a new house built by a church in the U.S. PiM had the house painted and is buying their necessary furniture. She is our miracle baby!!! Wonder what plans God has in store for her?

**Training Leaders in Peru: Chepen & Lima**

The 5 graduates in the center of picture, have attended the last seven years of seminaries in Chepen. Teachers: L- Karvin; R- Victor and Nicolas.

Since 2012, PiM has partnered with the churches in Northern Peru in leadership training. The conferences have been held in Chepen, ten hours by bus north of Lima. Last year the church in Lima asked if we would also hold a seminary in their city, which we did and it was graciously received.

The second week of August 2018, we returned to Chepen and Lima for another time of training church leaders. Our teachers came from three different countries: Victor Quispe – Bolivia, Nicolás Pérez – Perú and Karvin Adams – U.S.

Seven conferences and an evening service were held in each location. A total of 53 church leaders representing over 11 churches attended the five days of training.

**PiM Returns to Prince of Peace Home 4 Girls**

A 7-member team spent a week at PoP painting, installing new lights, doing crafts and getting to know the 59 girls who call Prince of Peace home. Most of them come to the Home through the courts due to abandonment and/or abuse, therefore they need a Christian environment where they can heal and learn about the love of Jesus.

**Prayer Need:** Diane and Justin Herman, directors of the House of Hope, and their 2 children need your prayers. Several years ago Diane lost her 1<sup>st</sup> husband to cancer then her 12 yr. old daughter Hope. Mid-September she found out that her son Slate has cancer, a week later she got news that her daughter Isabelle also has cancer.
