Spirit-Anointed and Focused

The title of this article well describes Jesus’ earthly ministry. In Luke 4:18, Jesus laid out His earthly mission for the next three years, “The Spirit of the Lord is on me, because he has anointed me”, meaning this will be my focus, my priority while on earth. He then listed three areas of ministry...

- 1. “Preach good news to the (spiritual) poor.”
2. “Proclaim freedom for the prisoners and recovery of sight for the blind” (those in bondage to Satan, living in spiritual darkness).
3. “Release the oppressed.” (broken in heart, spirit and body).

It is my understanding that Jesus focused His ministry on the spiritual matters rather than physical, although he did and continues to meet physical needs. Today only 20% of all North America missionaries focus on the spiritual needs of the people, giving the majority of their time, energy and funds for social work alone.

PiM’s focus for the last twenty-five years and will continue to be...

- ~ Edify, Encourage, Equip church leaders; helping them plant more churches.
~ Educate people (secularly and spiritually) to improve their chance of employment.

- ~ Empower orphans, widows and abandoned women.

As you can see our ministry focus is on spiritual rather than physical well-being of people. Our ultimate goal is to bring people into a vital relationship with Jesus, teaching them to obey Jesus’ commandments, that they might also disciple others. Thank you for helping us accomplish more together, Karvin

The Ultimate Goal for Orphans: “Adoptable”

The following message is from an orphanage we support in Guatemala. Thank you for helping make this happen...

“Declared Adoptable”
“We wanted to touch base with everyone and let you know of

some exciting news! Tuesday was an AMAZING day at House of Hope, because two of our own were declared ‘adoptable’ in the courts! This is a huge deal, and what we work so hard for! Lupe and Francisco came to us over two years ago, and like so many of our children, have a heart-wrenching story of what led up to their arrival at House of Hope. After their father was murdered, their mother died of an illness, and there were no extended family members that could care for the siblings who were now orphans. From the moment they arrived, these precious kiddos have been loved on and taken care of at House of Hope, and now await their time to be adopted into their forever family. This is why we do what we do. We get to be a part of God’s redemptive story unfolding in the lives of these children. Together we are making a difference!”

LA. Camp Meeting

Dr. Zonia Mitchell will represent PiM at the July 6-9 camp meeting in Louisiana. If you plan to attend, stop by our display to learn more about our ministry or buy one of Karvin’s missionary books.

Warner School Reopened for In-person Classes

After two years of virtual learning only, our school in Chepen, Peru opened this school year on March 16, with 142 students (K-6th grade) and 21 staff personnel. They have been approved to have classes in the school building with a maximum of only 15 students/room due to Covid.

We are proud of the Warner School staff and students. When our students graduate from the sixth grade, they are usually in the top 10% of their classes when transferring to the public schools. Their secular and Christian education at the Warner School is preparing them with the tools needed for stronger families and a godlier country. Special thanks for our donors who are making this possible.

Guatemala Work Camp

Now that Covid has lightened-up, we are seeing who might be available for a work camp to Guatemala October 18-25, 2022. We need to hear from you by August 1.

Possible activities: light construction, spend time with our orphans, sight-see and shopping.
